

**12 days of business
(to the tune of 12 days of Christmas)**

On the 1st day of business
my council gave to me
A contract that no-one can see

On the 2nd day of business
my council gave to me
Two ignored petitions
and a contract that no-one can see

On the 3rd day of business
my council gave to me
Three bogus reasons
Two ignored petitions
and a contract that no-one can see

On the 4th day of business
my council gave to me
Four years of building
Three bogus reasons
Two ignored petitions
and a contract that no-one can see

On the 5th day of business
my council gave to me
No MBT
Four years of building

and a contract that no-one can see

On the 12th day of business
my council gave to me
Free-floating toxins
Falling recycling
Trade-killing roadworks
Huge carbon footprint
Wasted resources
30 vanished million
State intervention
No MBT
Four years of building
Three bogus reasons
Two ignored petitions
and a contract that no-one can see

**County Councillors looked out
(to the tune of Good King Wenceslas)**

County Cllrs looked out from their ivory tower
Flanked by friends from UBB and at western power
Contract signed, wastes fate was sealed, they were all delighted
Never mind the residents Or the cotswolds blighted

Enter r4c stage left with a new idea
P*d off with democracy sadly lacking here
Circular economy, we follow your rule
Liberate recyclables and make biofu-el

Cllrs will not be swayed, have to go with proven
Toxic inefficiency and commercial coven
What's the latest murmuring, all about the budget
Worked so far for FOI surely we can fudge it

So elected folk take heed, voters are awaking
Local people care so much, big plans they are making
Won't give up till truth is out, really isn't funny
Wasting our environment and taxpayers money
